Installation

Files available for download

Your custom theme includes the following files:

Ignite.HTML5.zip

This is the installation file

Ignite.HTML5.SetupGuide.pdf

Current documentation file

Extracting the .zip file will provide access to all theme resources, namely base HTML structure, CSS, js and image files.

Trial themes

For more information on downloading trial themes, please read our knowledge base article:

<http://support.bind.pt/entries/22356848-how-can-i-request-a-trial-theme>

CSS Compression

This theme is delivered with **compressed CSS files**, for **performance improvement reasons** (making websites load a lot faster).

Next to each **skin.css** file you will find a **skin.uncompressed.css** file. In case you need to edit your CSS, or if you just don't want it compressed, you can rename it and use it, instead of the compressed version.

This theme includes several other CSS files (for containers mainly). Uncompressed versions will be sent upon request.
